

REMARKS

In response to the election requirement of July 13, 2004, the Applicant provisionally elects Group II claims consisting of claim 32-38.

The examiner has identified two groups of claims corresponding to claims 1 - 33/29-40 and 34 - 38. The second group of claims (II) was identified by the examiner as "drawn to a method for generating parametric audio output." Applicant believes that claims 32 and 33 should be part of the Group II claims because they also deal with generating parametric sound.

Accordingly, applicant provisionally elects Group II claims consisting of claim 32-38.

CONCLUSION

In light of the above, Applicant respectfully submits that pending claims 32-38 are now in condition for allowance. Therefore, Applicant requests that the rejections and objections be withdrawn, and that the claims be allowed and passed to issue. If any impediment to the allowance of these claims remains after entry of this Amendment, the Examiner is strongly encouraged to call Vaughn W. North at (801) 566-6633 so that such matters may be resolved as expeditiously as possible.

The Commissioner is hereby authorized to charge any additional fee or to credit any overpayment in connection with this Amendment to Deposit Account No. 20-0100.

DATED this 6 day of August, 2004.

Respectfully submitted,
